My name is Kevin Vu. I am the defendant in this case. I have signed the settlement agreement for payment of \$320,000 already. But I was signing under pressured. I would like to take this case to trial but I can not afford the money for the attorney, because my lawyer said it will cost me another \$200,000 to take it to trial. I am asking if Judge Alsup would let me represent for both myself and Café Bonita Inc. I know by law a corporation must be represented by an attorney. But since I am the only share holder of my corporation, and I hold all the legal and financial responsibility of the Café Bonita Inc., I understand that the corporation will go into default. But if I go to trial and win the case as an individual, will the judgement pass on to the corporation too? The reason I think I can win this case is because many facts which were presented to you at the hearing were wrong. Therefore I would like to prove it to you and to the jury at the trial. But I don't have the money to hire an attorney to present my case. So would you sir consider my request. By: By:
